Description of 7th Grade Initiative

The 7th grade initiative is a program provided by the Waynesboro Area YMCA. Any 7th grader within the Waynesboro Area School District is able to receive a YMCA membership provided by the Y at no cost for the school year. Students are able to come and use the YMCA facilities at their leisure. A main purpose of providing this service is to ensure that students will always have a safe place to be before or after school as well as providing opportunities to help your student grow mentally, physically, and socially.

Discipline Policy

This year we have decided to create a policy which better conveys what we expect from each student who enters through our doors. We firmly believe having a membership at the YMCA is a privilege and there may be times where an action may warrant a consequence. Attached you will find a revised policy which outlines behavior we find inappropriate or destructive to the YMCA facilities and/or YMCA members. Each incident will be followed through with an email/call/letter to the parents of the offending student as well as the current consequence we deem appropriate.

Acknowledgement of Discipline Policy

By signing below you are confirming you have received the current discipline policy and understand the procedure we will take if rules are broken. This form helps us know the parent(s) understand our discipline policy, should action be taken.

Thank you for taking the time to read over our policy. If any questions arise do not hesitate to call the YMCA (717)762-6012.

Wanda Fuller, Membership Director
