7th GRADERS

the

LIVE GROW THRIVE

7th Grade Initiative

The Waynesboro Area YMCA has served our community and our youth for over 100 years. We feel it is our duty to provide a safe and fun environment for Waynesboro's youth. We are proud to continue 7th Grade Initiative program as a way to better engage, educate, and connect to our youth right when they need it most. Not only will this provide 7th grade students with a safe environment, but it will enable students to grow in spirit, mind and body.

7th graders can participate in a new and improved enrichment program hosted indoors and outdoors. Activities will include hiking, various sports activities, exercise activities, and community service. This program will encourage 7th graders to explore new activities while building friendships in a safe and supervised environment. Students can also choose to hang out with friends or work on homework. Our staff will keep record of who signs in and out and make sure everyone is behaving appropriately. 7th graders will receive a full youth membership which is funded in part by the United Way of Franklin County.

We encourage your child to participate in our 7th Grade Initiative program!

What's is included in the membership:

- Facility Access including Teen Center, Gym, Pool
*NOTE access to weight room & wellness center is restricted to members **13 years or older.**
- Organized activities supervised by our Teen Center Coordinator Monday-Friday from 2:30-5:30 pm.
